

NATIONAL HAZING PREVENTION WEEK

September 20-24, 2010

IT STARTS WITH YOU!

Everyone is a part of at least one network of people. No matter what you call them -- friends, colleagues, teammates, brothers or sisters -- your life is connected with virtually everyone on the planet. But it takes only one person to make a difference. If you start preventing hazing, you might just bring the whole world along with you.

Be a part of National Hazing Prevention Week 2010. IT STARTS WITH YOU!
